PROFILE

Founder of IMADI Technologies and full-stack developer building web platforms, SaaS products and AI-connected business systems. Built and deployed IMADI Technologies' company platform end to end (TypeScript, Express, PostgreSQL, admin CMS) and founded three SaaS ventures, all three now live. Studying ACCP-AI at Aptech Pakistan.

EXPERIENCE

Founder — IMADI Technologies, Karachi **Jul 2026 – Present**

IMADI Technologies builds AI-powered business software, WhatsApp automation and SaaS products for clients in Pakistan, the UK and Kenya.

- Built and deployed the company's web platform, website and backend, and manage its hosting.
- Founded three product ventures: HerCommerce and MAflow (both live) and the IMADI AI Sales Engine (launched October 2026).
- Designed and developed portfolio websites, including Maria Aziz's multi-page portfolio (maria-aziz-portfolio.onrender.com).

INDEPENDENT PROJECTS

IMADI Technologies Company Platform **2026**

Live · TypeScript, Node.js, Express, Prisma, PostgreSQL (Neon), Docker, Render

- Built an Express and TypeScript API with a PostgreSQL database serving the company website, with OpenAPI documentation and health/readiness checks.
- Developed an admin CMS for blog posts, case studies, inquiries, newsletter subscribers and site settings, and protected public forms with honeypot fields, validation and rate limiting.
- Hardened it for production (session security, allowed origins, secure cookies, non-root container) and consolidated hosting into one Render service.

Sociology Teacher Portfolio (naqiya-yousaf-portfolio.onrender.com)

Live client website · HTML, CSS, JavaScript modules

- Built an 8-page, data-driven portfolio (credentials, testimonials, student distinctions, CV, contact) that a non-technical owner updates through simple data files, with no framework or build step.
- Added testimonial filters, a certificate gallery and privacy controls for student names and faces.

Prime Fitness Website

Aptech Pakistan project · HTML, CSS

- Built a fitness-club portal with membership tiers, class information and consistent navigation across a full sitemap.

FOUNDED VENTURES

- **HerCommerce** *(Founder · Live · 12 users)* Mobile-first, multi-tenant SaaS that lets women entrepreneurs run an online store with WhatsApp ordering, vouchers and gift cards (React, TypeScript, Firebase).
- **MAflow** *(Founder · Live · 4 active users)* SaaS business management platform for SMEs, with organisational data isolation (Firebase).
- **IMADI AI Sales Engine** *(Founder · Live · Oct 2026)* AI sales automation platform and CRM with human approval of every outbound email; Anthropic Claude behind a provider-agnostic interface (FastAPI, React, PostgreSQL).

IMADI CLIENT PLATFORMS

- **ERP & Accounting Platform** *(Co-built with Maria Aziz · UK · Live · Jun 2026)* 13-module ERP and double-entry accounting platform for a UK logistics company (FastAPI, PostgreSQL).
- **WhatsApp Automation & Claims Platform** *(Assisted · UK · Live · Sep 2026)* Rate quotes, order enquiries and damage-claims workflow on WhatsApp for the same UK client.
- **ReNaz: WhatsApp Scrap Collection** *(Assisted · Pakistan · Live · Aug 2026)* WhatsApp pickup booking for customers and collectors; 23+ pickups completed.
- **Company Monitor** *(Assisted · Kenya · In build · Sep 2026)* Branch-level visibility of messages on company-authorised WhatsApp Business numbers.
